The Bass Museum celebrated the opening for Spanish sculptor Julio Gonzalez on the evening of January 26th. Diane Camber, Executive Director and Chief Curator of the Bass Museum of Art, welcomed the Director and members of the IVAM (Valencian Institute of Modern Art) from Spain as well as Friends of the Bass Museum members and special guests who were on-hand to celebrate the occasion.

This exhibition is comprised of approximately 42 pieces drawn from a collection of the artists' 400 works in the Valencian Institute of Modern Art in Spain, that illuminates the artistic career of one of the most influential and least known Modern sculptors.

This exhibition was possible thanks to the sponsorship of the Valencia Institute of Modern Art (IVAM), the repository of the estate of Julio Gonzalez.

Julio Gonzalez: Sculpture and Drawings from the IVAM Collection is on view through April 16, 2006. For more information please go to www.bassmuseum.org or contact Lee Ortega, Director of Marketing and Public Relations 305.673.7530 x2001
